

Gladinet Branding Icon Explanation

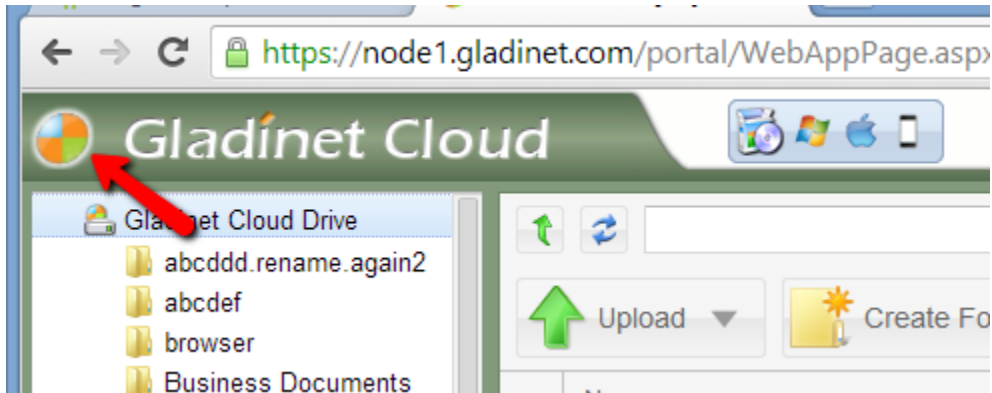

The screenshot shows the 'Cluster Branding' configuration page in the David Cloud management interface. The page includes a navigation bar with tabs for 'Tenants Manager', 'Cluster Admin', 'Application Manager', 'Email Service', 'Cluster Branding', 'Guest Users', 'Cluster Worker Nodes', and 'Cluster Web Nodes'. Below the navigation bar, there are several input fields for branding assets, each with a label and a note:

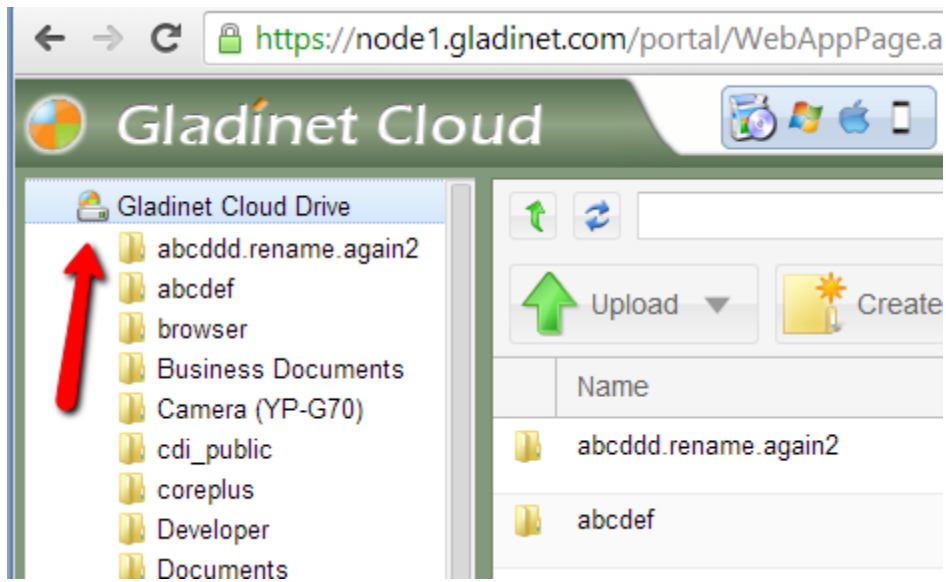

- Application Icon Url (32x32)**: PNG format recommended. Used by web portal. (The link must be accessible from the Enterprise Edition or Service Provider Edition Web Server).
